

CHRISTMAS SAFETY TIPS

1. A real tree shouldn't lose green needles when tapped on the ground.
2. Check the water level every day.
3. Secure the tree with wire to keep it from tipping.
4. Keep the tree away from heaters and fire places.
5. Use only UL-listed lights with cool burning bulbs
6. Do not link more than three strands of lights together (inside or outside).
7. Turn off the Christmas lights when you go to bed or leave your home.
8. Never use candles on any type of tree.
9. Use only outdoor lights outside of your home.
10. Never use indoor extension cords outside.
11. Keep electrical connectors above ground and out of water puddles.
12. Extinguish candles before going to bed.
13. Keep a fire extinguisher available.
