

Sheltering Tips

1. Remain CALM.
2. Stay tuned to your EAS station.
3. If you are in a car, close the windows and vents.
4. If you are not at home go inside a friend's house, a store or other public building.
5. Children in schools and day-care facilities will follow their plans.
6. If you are at home, shelter farm animals in barns, shelters, etc.
7. Keep pets inside with you and stay there.
8. Close all outside doors and windows.
9. Shut off all outside air intakes such as fans and air conditioners.
10. Let fireplace or furnace fires cool and then shut fireplace dampers.

11. Do NOT use the phone except to report emergencies.
