Are you deaf or have significant hearing loss?

Do you have difficulty breathing?

Do you use medical oxygen?

Do you have a serious heart condition?

Do you have a mental disability?

Do you have difficulty communicating with others?

Create a Disaster Supply Kit

You should have enough basic supplies on hand to take care of yourself for at least three days if an emergency happens. Consider how an emergency might affect you. You may not have access to a pharmacy or even a grocery store. Think about what kind of resources you use on a daily basis and what you might do if those resources are not available.

Plan for your basic needs – food, water, clean air and any life-sustaining items you require. Create two disaster supply kits. In one kit, store items you will need to stay where you are. Your other kit should be a smaller one you can take with you easily if you have to evacuate. Use waterproof containers to store your disaster supplies.

Basic Disaster Supplies should include:

Water, one gallon of water per person per day for at least three days

Food, at least a three-day supply of non-perishable food

Prescription medications

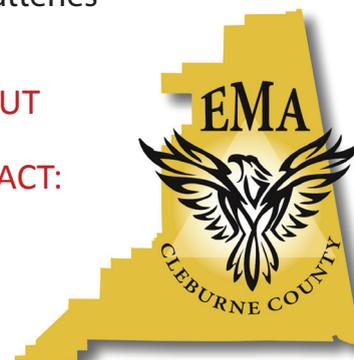

Battery-powered or hand crank radio with extra batteries

Flashlight with extra batteries

First aid kit

Should YOU Register With 911?

Do You or Someone in
Your Home Have
Medical, Physical or
Other Special Needs?

Cleburne **911**

Register Your Medical, Physical & Other Special Needs with 911

WHAT IS THE SPECIAL NEEDS REGISTRY?

Cleburne County residents who have medical, physical or other special needs can provide information about their condition to the county's 911 department. The information will be entered into 911's database.

If a call is made to 911 from the telephone number which you provide on the attached form, your special needs information will appear on the 911 dispatcher's screen. Your special needs information may be shared with emergency responders. It also may be used in local emergency planning and response activities.

AM I ELIGIBLE TO REGISTER?

Any Cleburne County resident can register their medical, physical and other special needs information. Review the questions on the attached form. If you or someone in your home have a medical, physical or special need that is not listed on the form, write down your information on a separate sheet of paper and attach it to your form.

HOW DO I REGISTER?

Complete the form in this brochure. Detach it along the dotted line. Mail the form to:

Cleburne 911 Registry
PO Box 908
Heflin, AL 36264

Call the 911 Business Office at 256.463.3820 for more information or if your condition changes.

WHAT SHOULD REGISTRANTS EXPECT?

There is no substitute for personal emergency preparedness planning. You are in the best possible position to plan for your safety. You know your medical, physical and special needs along with your abilities. You know the unique challenges you may face when planning for, responding to and recovering from an emergency.

Local, state and federal agencies will work to assist you in an emergency. Resources are limited so it will take time to respond to every one who needs assistance.

Knowing what to do is your best protection and your responsibility.

Create a Help Network

A Help Network consists of family members and friends who may provide help before, during and after an emergency.

Identify places where you visit often such as home, church and work. Ask at least three people at each location to be a member of your Help Network.

Explain to your Help Network what assistance you would need before, during and after an emergency. Tell them about your medical, physical and other special needs.

Write down contact information for each member of your Help Network. Keep copies of the information where it is easily accessible. Give your contact information to members of your Help Network.

Do you use lifesaving medical equipment?

Do you require lift assistance due to excessive weight issues?

Do you have any special transportation requirements due to your medical or physical condition?

Is your medical condition temporary?

If yes, when is your medical release date?

Do you have any other serious medical, physical or mental conditions?

Do you experience domestic abuse or live with a potentially violent person?

Is there a family member, caregiver or trusted friend who should be notified if you were involved in an emergency?

If so, please provide their name and phone number.

If you answered 'yes' to any of the questions, please write down the details that 911 should know on a separate sheet of paper. Attach it to this form when you mail it to 911.

By submitting this information, you consent to sharing this information with Cleburne 911, Cleburne County EMA and other emergency response agencies.
